

TMP07 - Tuck Shop

While we cannot open for a full catering service, we can now offer a takeaway service to provide snacks and hot and cold drinks.

Until the kitchen can be fully reopened there will be a limited offer and we still need to put some guidance in place to keep everyone safe.

- When you are about to enter the clubroom, check first how busy it is. There should never be more than 4 people at the takeaway desks.
- As you go in, use the disinfectant to clean your hands and take a disinfectant wipe.
- Pick up your snacks and if you want a hot drink, pick up a cup (or bring your own) and coffee, tea, milk, and sugar or a cupasoup sachet as you like it.
- Get your hot drink from the hot water urn. Get cold drinks from the fridge.
- As you go through, wipe anything you touch, such as the urn tap or the fridge handle, with the disinfectant wipe.
- Before you leave, fill in your membership number, name, and cost of items and on the form provided. All items are £1. This will be charged to your flying account (We do not want to have to handle cash).
- If space is available in the seating area (maximum of 4 persons per table, 20 persons in total), you may take a seat in the clubroom.
- Clean (use disinfectant wipe) the area you are using and do not move any chairs or tables.
- Please limit the amount of time in the seated area to 20-30 minutes, to give others a chance to sit down.
- Please dispose of your rubbish when you leave.
- Go through the bar area and leave through the back door.

We have plenty of outdoor seating, but please always maintain social distancing.
